

## PITTMAN DEVELOPMENT GROUP

### NELL E. SCHOELER VICE PRESIDENT, DEVELOPMENT

Nell E. Schoeler brings more than 20 years of diverse real estate experience to Pittman Development Group. Prior to joining Pittman Development in April 2007, Ms. Schoeler served as Director of Real Estate & Facilities Management for Storage Technology Corporation / Sun Microsystems located in Louisville, CO. During her tenure in this position, Nell was responsible for global oversight of a real estate portfolio exceeding 4 million square feet and managing a team responsible for delivering project management, leasing, real estate planning, acquisitions/dispositions, facility management, portfolio management and global reporting services.

Prior to her eight years in corporate real estate, Ms. Schoeler obtained a broad base of experience in the areas of property management, asset management, investment analysis and mortgage lending working for small, entrepreneurial real estate companies as well as a large institutional real estate investment company, Travelers Realty Investment Company. This experience covered virtually all real estate property types, including office, industrial, retail and residential.

Ms. Schoeler is a native Coloradoan with a Bachelor of Business Administration from the University of Texas at Austin.
